

WEATHERKING Furnaces

90RJ 90% Upflow

The WeatherKing 90% Upflow is a value-alternative which enjoys the benefits of high-efficiency at lower cost.

- **Integrated Furnace Control**
Integrated control board manages all operational functions and provides accessory hookups for an electronic air cleaner.
- **Draft Inducer**
Quietly provides air for combustion while venting the products of combustion from the heat exchanger outdoors.
- **Hot Surface Ignition & Remote Sensor**
The hot surface ignition is an efficient method of gas ignition while the remote sensor monitors the flame.
- **In-Shot Burners**
Regulates the air/gas mixture.
- **Blower Motor**
An easy slide out blower motor for easy access. The blower quietly circulates air around the heat exchanger, where its heated to comfortably warm your home.
- **Primary and Secondary Exchanger**
Provides reliable and efficient comfort to your home by delivering heat quickly and evenly by extracting additional heat which is lost by less efficient furnaces.

Limited Warranty Information

20 year heat exchanger limited warranty.
All parts have a five-year limited warranty.

**High Efficiency up to
92% A.F.U.E.
Upflow Models**

**Heating Capacities
from 45,000 to 120,000
BTU/Hr**

5600 Old Greenwood Road
Fort Smith, Arkansas 72908
